## **THE MISSION OF EDUCATION**

Milwaukee Seventh-day Adventist School is part of a worldwide educational system of colleges and universities, plus more than five thousand elementary and secondary schools. The Seventh-day Adventist Church began this system in North America in 1872.

The basis of our unique philosophy of Christian education is that which is found in scripture. The two primary aims of our school are spiritual nurture and educational excellence.

The educational program is founded on the belief that each student is unique and of inestimable value, and on the importance of the development of the whole person. Students are educated to accept service as a way of life, to be sensitive to the needs of people in the home and society, and to become active members in their churches.

Milwaukee Seventh-day Adventist School is committed to quality Christian education and seeks to maintain an excellent staff, good pupil-teacher ratio, modern school facilities, equipment, and materials.

## **MISSION STATEMENT**

*The mission of Milwaukee Seventh-day Adventist School is to enable students to hear God's voice, to equip students to follow His calling and to empower students to reach the world with His love.*

## **HISTORY OF MILWAUKEE S.D.A. SCHOOL**

Milwaukee Mission School began in the 1890s. It was a one-classroom school located on the first floor of a two-story home that also housed the German and English Seventh-day Adventist congregations. Toward the end of World War II, the school relocated to 29th Street and was renamed Milwaukee Junior Academy. The school's legal name is Milwaukee Seventh-day Adventist School.

In 1970 the school was moved to its present location at 10900 W. Mill Road. The physical plant consists of carpeted classrooms, a spacious gymnasium, and a sunlit cathedral lobby overlooking a well-equipped cafeteria and administrative offices. Its 9.5-acre site provides students beautiful lawns, large playing fields, and a quiet country-life setting.

## **SCHOOL OBJECTIVES**

1. Create an atmosphere where students can develop their intellectual, creative, physical, social, and spiritual capacities.
2. Provide experiences that develop competency in the core skills of reading, writing, computation, and

communication.

3. Encourage standards of thoroughness and awaken in students a sense of satisfaction in work that is well done.
4. Help students view their talents and abilities as gifts from God.
5. Create learning experiences that teach students the joy of Christian service.
6. Recognize that each student is different in his interests, tastes, and abilities; therefore, encourage the growth of individual personalities and the achievement of each student's full potential.
7. Place high regard on Christian courtesy and social development emphasizing personal discipline and respect for authority.
8. Encourage habits of clean and healthful living, cheerfulness, cooperation, and unselfishness.
9. Acknowledge the importance of being an exemplary citizen, and develop this attribute in students within a changing society.
10. To help students develop an appreciation for inductive reasoning and the scientific methods of research and study.
11. To provide laboratory experiences for students to apply scientific methods in research.
12. Provide students with appropriate opportunities for physical and motor skill development in the areas of strength, flexibility, and endurance.
13. Help students acquire both knowledge and skills for participation in a variety of physical activities and encourage positive attitudes towards an active lifestyle.

### **ACCREDITATION**

Milwaukee Seventh-day Adventist School is accredited by the Board of Regents of the General Conference of Seventh-day Adventists and the National Council for Private School Accreditation. The Lake Union and Wisconsin Conference Offices of Education conduct complete evaluations of the educational program regularly.

### **STAFF QUALIFICATIONS**

Teachers employed by the school have hold teaching certificates from the General Conference of Seventh-day Adventists obtained by completing a 4-year degree from a certified college or university which includes teacher certification courses and meet the requirements for state certification where the college or university is located. Teachers may also hold additional teaching certificates or endorsements and advanced degrees from other recognized universities.

### **ADMISSIONS**

Students who express an earnest desire for Christian education and a willingness to abide by the standards adopted by the school are invited to apply. An application with references listed should be

filled out.

The procedure for admission of new students includes:

1. Interview with the principal or school staff member
2. School Application and Registration forms to be filled out and returned
3. Pastor sponsorship form filled out
4. All scholastic and academic records turned in
5. All health records including immunization, health form, and physician's exam. We Recommend eye exams for all students.  
\*Physicals are required upon entrance of K5 or first grade, depending on which grade you enter our school first, as well as when in 5<sup>th</sup> & 9<sup>th</sup> grade, and anyone coming in from out of Wisconsin. Please plan.
6. An original birth certificate for all new students (will be returned)
7. Approval by the school board

You will need to fill out an application that will be reviewed by the school board. All new students are automatically placed on probation for the first quarter. The school board has the authority to accept or deny any application. Parents will be notified of the decision of the school board if their child is denied acceptance to the school.

Applicants for Kindergarten (K5) should be 5 years of age by September 1<sup>st</sup> according to Wisconsin State Law, and upon approval of the Admissions Committee.

Each student at Milwaukee S.D.A. School is expected to function in the normal classroom environment without excessive supplemental supervision. When a serious need for support services is indicated it may be recommended that the student be placed in an alternate program better suited to the child's needs.

**Nondiscrimination:** Milwaukee Seventh-day Adventist School does not discriminate based on race in the administration of educational policy or applications for admission. Milwaukee Seventh-day Adventist School admits students of any race to all the rights, privileges, programs, and activities generally accorded or made available to students in the school.

**Grade Placement:** Transfer students may be required to take a placement test. Kindergarten and First-Grade students may be required to take a readiness test. Current transcripts, placement test results, and teacher evaluation will determine the grade placement of a student.

## **SECOND LANGUAGE POLICY**

Classroom instruction and discussion are conducted in English unless the translation is needed or the other language is part of the learning experience. Students may speak their mother tongue appropriately and respectfully, outside of the classroom. A child's second language should not be used if the purpose is to exclude others from the conversation or to hide the meaning of their conversation from others.

## **FINANCES**

The constituency establishes tuition charges and registration fees annually. Tuition is divided into 10 equal payments August-May and is due on or before the 1<sup>st</sup> of each month. The exception is the first

month's tuition which is due on or before the first day of school.

Registration is also due on or before the first day of school. Registration fees include book rental, consumable workbooks, testing, and library materials. The registration fee is non-refundable after the student has attended for three weeks. A 60% refund may be given if the student withdraws within three weeks.

Payment may be made by sending a check or money order to Milwaukee SDA School, 10900 West Mill Road, Milwaukee, WI 53225. Cash will be accepted at the office. (Credit Cards)

Outstanding accounts from previous years (either from this school or another school) must be cleared before admission will be finalized.

If a student withdraws during the school year, tuition will be based on a percentage of actual days attended.

**Insufficient Funds:** There will be a \$30.00 charge for all checks that are returned by the bank. After an account has had two returned checks, all payments will have to be by money order or cash. If the school account becomes overdrawn because of an NSF return all charges will be passed on.

### **NON-HARASSMENT POLICY**

Because we are counseled to "treat others as we wish to be treated," any type of harassment, based on race, ethnicity, gender, national origin, religion, age, disability, or other legally protected characteristics, is considered entirely out of place at Milwaukee Seventh-day Adventist School. Slurs, jokes, verbal or physical intimidation are inappropriate. Teasing of a demeaning nature, comments that may be interpreted as insults, putdowns, or sexually suggestive are unacceptable at any time or place. These behaviors constitute violations of our harassment code. The school practices a zero-tolerance policy to harassment inflicted verbally, in writing, or electronically. Students are encouraged to report any incidents of harassment, directed at them or someone else, to their teacher or the administration (office or principal). The school will use all legitimate resources available, to protect the dignity and privacy of students, and to protect them from predatory behavior.

## **BUS FEES**

**For any traditional or Milwaukee Parental Choice Student desiring our school transportation:**

- Bus fees are divided into 10 monthly payments from August through May. The exception, the first payment for August, is due a week before the first day of school.

This will happen after we review where all of the bus riders are located.
- \*Failure to pay your bus payments may result in loss of bus privileges.
- Due to increases in gas prices, bus fees may have to be adjusted during the school year when deemed necessary.

### **Bus Fees:**

- For your children to ride the school bus, families will need to prepay before the month that their children will be riding. Please plan, so that your child will not lose bus service. (Bus service will resume as soon as bus payment is made.) Your prompt payments are needed to maintain several busses, gas, and drivers.
- Because there are some months with more days, and some months with fewer days, we take the total cost of transportation for your child per year and divide it into 10 equal payments, August-May.
- Bus payments should be made at least 1 week before the 1<sup>st</sup> of each month.
- The cost of bus transportation is \$40 per child, per month. This includes 1-way riders as well.
- We accept credit card payments in person and over the phone. If you have an interest in monthly automatic withdrawal payments from your credit card, please let us know and we can inform you in the future when it is available.

## ATTENDANCE

Regular attendance and punctuality are important throughout a student's entire school career. Good attendance habits formed in the early years are fundamental in developing a sense of responsibility and in steady scholastic progress. Such habits will prove invaluable throughout life.

When taking a vacation, families should schedule their vacation times during school breaks. Vacations taken during school hours are not excused absences.

The ONLY legal excuses for absence or tardiness allowed under the Education Law of Wisconsin State are sickness or death in the family (3 days maximum), impassable roads or weather making travel unsafe, religious observance, school-supervised trips, and required presence in court. Please try to schedule doctor and dental appointments for after-school hours.

Absences and incidents of tardiness are entered on the student's permanent attendance record. Parents need to inform the school office each day their child will be absent. If an absence or tardy is to be excused the student must bring a written excuse from home or their doctor on the day they return to school. Written excuses should be thorough and specific.

Excessive excused absences (more than 5 days in any quarter) may result in the student being brought up for review.

When a student has accumulated 5 incidents of tardiness in one quarter he/she must meet with the principal. Excessive tardiness could result in a student's loss of privileges (i.e. field trips, class parties, etc.) Perfect attendance will be recognized each quarter. Students with perfect attendance, no unexcused absences, and tardy free will be entered in a drawing (at the end of the school year.) Any student who accumulates more than 15 unexcused absences in two consecutive quarters will jeopardize their continued enrollment and their grade/credit in the class (please refer to the student/parent contract, p.36). When a student is absent for more than three days in a row without notification from a parent/guardian the school can call social services.

### **Grade 7 – 10 Attendance Policy:**

Regular attendance and punctuality are important throughout a student's entire school career. Good attendance habits formed in the early years are fundamental in developing a sense of responsibility and in steady scholastic progress. Such habits will prove invaluable throughout life.

All students who are in the departmentalized grades are responsible for getting to class on time. Students are to refer to their handbook for areas that they will be held accountable for.

Students will be given a passing time to get to class. Students must be on time and in their seats at the beginning of each class as to not be marked with an unexcused tardy. 3 unexcused incidents of tardiness in a quarter will result in a detention. Each subsequent tardy will result in detention thereafter.

Students who are late by 5 minutes or more to class will be considered truant. The first offense will result in a detention. The 2<sup>nd</sup> and subsequent offenses will be dealt with on an individual basis.

## CURRICULUM AND INSTRUCTION

Each class is taught by a dedicated Christian teacher who believes in the Biblical concepts of salvation. Teachers strive to build into the curriculum a philosophy of Christian living that includes moral and spiritual values.

Tests measure each student's scholastic achievement in reading, language skills, mathematics, social studies, and science. A copy of the results will be given to the parents at conference time.

### **Academic Standards for MPCP Students**

Requirements for those in the MPCP program: For students to pass from the 4<sup>th</sup> to the 5<sup>th</sup> grade and from the 8<sup>th</sup> grade to 9<sup>th</sup> grade the student must achieve two of the following three criteria:

- 1) Pass the classes for their grade level
- 2) Score Proficient or higher on the standardized test administered by the school
- 3) Have a positive recommendation from their teacher to move to the next grade level.

**Report Cards:** Report cards are sent home at the end of each of the four quarters or will be given out at conference time. The reports contain information concerning the child's progress and achievements in the various subjects being studied as well as personal development and attitudes.

**Deficiency Reports:** Student progress reports and assignments are accessible anytime on Parentsweb. If a student in grades 7-10 is failing 3 or more courses for 2 consecutive quarters, and have been on academic probation without success; the Admission's Committee will recommend for board vote that the parents withdraw the child(ren) from the school and find an alternate educational program.

Students in grades K-6 who are failing in 3 or more classes for 2 consecutive quarters, and have been on academic probation without success, will be in jeopardy of repeating that grade.

## **DRES'S CODE POLICIES FOR MILWAUKEE SDA SCHOOL**

### **REASONS FOR UNIFORM POLICY**

Milwaukee Seventh-day Adventist School requires the wearing of uniforms as part of our normal dress requirement. We believe this policy is important in achieving our goals as a Christian school, and we expect parents to understand and support this policy by cooperating in every way.

1. Uniforms can help children to perceive each other as equals. Fewer occasions for rivalry will help focus attention on the main reason for the school – a sound education.
2. Attractive uniforms are a constant reminder of the special nature of the private school and help foster an important group consciousness important in a society emphasizing only personal individuality.
3. Uniforms help students learn to distinguish themselves by performance, achievement, and other important ways rather than by non-merit reasons such as clothing.
4. An atmosphere of professionalism and dignity is encouraged with uniforms and children can learn to appreciate the identification and privilege they represent.
5. Schools that use uniforms have a marked improvement in grades overall.

We also believe that having just a couple sets of school clothes can help parents save money on clothing over a period, which teaches everyone good stewardship.

### **GENERAL POLICY INSTRUCTIONS**

1. Clothes and shoes must be in good repair (clean-no stains, no holes, no exterior patches).
2. Patches may be applied inside pants for reinforcement.

1. Being on time for each class.
2. Having the proper materials (book, paper, pen, pencil, etc.) and completing all assignments on time.
3. Listening to the teachers and following their directions and the rules outlined in the student handbook.
4. Not talking without permission, inappropriate verbal harassment.
5. Respecting the rights of all students to work and learn without interruption. This includes leaving my seat without permission, pushing, and/or shoving other students.
6. Taking good care of all school property.
7. Being especially careful not to lose or damage textbooks. Students will be charged for damage done to textbooks.
8. Never chewing gum, eating, or drinking anything in class.
9. Following the rules established by each of my teachers.
10. Not being out of my classroom without a hallway or restroom pass.
11. Students are expected to attend school functions such as music programs, education fairs, field trips, etc. Failure to attend will affect the student's grade.
12. Not cheating
13. Not stealing
14. Keeping track of their assignment notebook to be used when needed as a hall pass. Must be signed by the teacher

If I choose to not fulfill my responsibility and do not live up to the high expectations that the Milwaukee Seventh-day Adventist School has set for all students, appropriate disciplinary action will be taken by the adult in charge. This could involve any of the consequences listed in the Disciplinary Measures section.

## **C. Academic Standards**

### **Academic Standards for MPCP Students**

Requirements for those in the MPCP program: For students to pass from the 4<sup>th</sup> to the 5<sup>th</sup> grade and from the 8<sup>th</sup> grade to 9<sup>th</sup> grade the student must achieve two of the following three criteria:

- 4) Pass the classes for their grade level
- 5) Score Proficient or higher on the standardized test administered by the school
- 6) Have a positive recommendation from their teacher to move to the next grade level.

**Report Cards:** Report cards are sent home at the end of each of the four quarters or will be given out at conference time. The reports contain information concerning the child's progress and achievements in the

various subjects being studied as well as personal development and attitudes.

**Deficiency Reports:** Student progress reports and assignments are accessible anytime on Parentsweb. If a student in grades 7-10 is failing 3 or more courses for 2 consecutive quarters, and have been on academic probation without success; the Admission's Committee will recommend for board vote that the parents withdraw the child(ren) from the school and find an alternate educational program.

Students in grades K-6 who are failing in 3 or more classes for 2 consecutive quarters, and have been on academic probation without success, will be in jeopardy of repeating that grade.

**D. Auditorium Conduct:** I have the right to enjoy presentations and performances held in our school auditorium without annoyance and interruptions as part of my work and educational experience. Therefore, I am responsible to:

1. Enter and leave the auditorium in a quiet and orderly manner according to the dictate and supervision of my teacher.
2. Remain in my assigned seat.
3. Show my appreciation for the program with applause and courteous respect.
4. Remain quietly attentive to the program.

If I choose not to act responsibly in the auditorium, I will have to leave and be disciplined according to the consequences selected by the teacher to change my behavior.

**E. Cafeteria Conduct:** I have the right to eat my lunch in a relaxed and comfortable atmosphere. Therefore, it is my responsibility to:

1. Stay with my teacher at all times.
2. Line up and proceed to the cafeteria in a quiet and orderly fashion according to the directions of my teacher.
3. Not enter the cafeteria for lunch without my teacher.
4. Fulfill the lunch detention if I am assigned to it respectfully and maturely. (Refer to the Detention Section on page 38)
5. Not leave the cafeteria without permission.
6. Line up orderly at the serving line.
7. **Put garbage in the proper places.**
8. Not yell, scream, or shout.
9. Not take food, straws, or eating utensils out of the cafeteria.
10. Always clean the table completely before I leave.
11. Not write on the tables and benches
12. Use good table manners and never throw food.
13. Line up quickly and quietly when leaving the cafeteria.
14. No caffeine drinks

If I choose not to fulfill my responsibilities, I am likely to receive a disciplinary consequence that will be designed to correct my behavior before I will be allowed to eat with my friends again.

## F. Locker Room Conduct

Gym lockers are provided for grades 7-10. Therefore, it is their responsibility to:

1. Keep lockers clean and orderly.
2. Place no pictures or the like on the interior or exterior walls of the locker.
3. Not consume food, beverages, candy, gum, or snacks of any kind in the locker room.
4. The school will provide a rented combination lock for each student (\$5 deposit required)

The school does reserve the right to examine locker contents whenever deemed prudent. **If locker room privileges are abused the staff reserves the right to close them indefinitely.**

## G. Transportation Behavior

Maintaining a proper Christian atmosphere and a high level of safety requires the full cooperation of all school transportation riders. Safe transportation is no accident! It is my responsibility therefore to:

1. Remain in my seat at all times.
2. Keep hands, arms, and head inside the windows and to myself.
3. Keep noise to a minimum.
4. Obey the driver and be on time for my pick up. The driver will wait for me **no more than one minute** if I am late.
5. Not eat, drink or chew gum while in vehicles.
6. Help keep the school vehicles clean and free of vandalism.
7. Not throw objects inside or outside the school vehicles.
8. Use appropriate speech at all times.
9. Not have objects that may jeopardize the health and safety of those on the school vehicles.
10. Behave in the vehicle as though in the classroom.
11. Not verbally or physically harass another on the school vehicle.
12. Not bring **any** electronic equipment in any school vehicle at any time. Also, refer to the Electronic Equipment section on page 33.

I must remember that riding the school transportation is a privilege. **All school rules remain in effect when riding school transportation.**

**Disciplinary Actions:** My disruptive behavior can cause an accident and I can lose my privilege to ride the school transportation. When the school transportation driver's instructions are not followed completely and immediately, or the transportation rules or safety are disregarded, a misconduct report shall be written up and corrective measures will be taken in proportion to the offending action, as well as the disciplinary transportation record of the student.

A student may not get off school transportation at another student's stop without prior written approval from parents. Students may not ride home on another school bus without prior permission from the driver and their parents. (Often the busses are full and cannot accommodate extra students.)

The parents must notify the driver within a reasonable amount of time if a student is not to be picked up. If there is no notification and this occurs three or more times, the student will be taken off the route.

ONLY during extended medical leaves – meaning two weeks or more – can the van rate be reduced. This leave must be substantiated by a doctor’s written documentation.

## **H. Displaying Affection**

Displaying physical affection, such as hugging, kissing, holding hands, or inappropriate touching at school does not enhance the educational process. I will cooperate voluntarily with this policy.

## **I. Possession or Use of Weapons**

I shall not possess or use a dangerous weapon or its look-alike in school buildings, on school grounds, in school vehicles, or at school-sponsored activities. According to state law, any person who knowingly possesses or is armed with a dangerous weapon on school premises is guilty of a misdemeanor or felony, depending upon the seriousness of the offense. It should be noted that City of Milwaukee ordinance **105-34** specifically addresses the carrying and/or display of look-alike weapons.

A dangerous weapon or its look-alike is defined in state statutes and includes the following: Guns, knives, razors, martial arts equipment, metal belt buckles, and any other object that, by how it is used or intended to be used, is capable of inflicting bodily harm or could pretend to be capable of inflicting bodily harm. Disciplinary measures taken for possession or use of a dangerous weapon or look-alike weapon may include suspension, referral to law enforcement authorities, and referral for expulsion. It should be noted that **The Federal Gun-Free Schools Act requires expulsion for no less than 1 year for anyone determined to have brought a weapon to school or a school function. Legal References: Wisconsin Statutes 120.13(1), 939.22(10), 948.60, 948.61, 921 (a) (3), 8921 (d) (1), 120.13 (1) (c) (2m), 120.13 (e), (2.) (b.), 120.13 (1) (g), 948.605(3)(a), 939.632**

## **J. Electronic Equipment**

I shall not have in my possession any two-way communication devices without written permission from the principal. They are prohibited at any time while on school property, while involved in a school activity, and/or while under the supervision of the school, including the bus. Radios, recorders, boom boxes, disk players, headsets, walk mans, disk mans, video games, CD players, Ipods, MP3 players, cameras, etc., have no place in the school setting unless required, needed, or requested by the teacher for a special project in a class, and should not be brought into the building during school hours. Aside from the possibility of being stolen, mechanical devices as mentioned above disturb the educational process and should be left at home. If I am found only once to have any of the above-mentioned devices, **I understand they will be taken from me and returned at the end of the school year.**

## **K. Soda, Drinks, and Food**

1. Students cannot bring individual cans of soda, bottles of Gatorade, caffeinated drinks-teas, etc., or similar drinks to school for consumption at any time during the school day, unless specifically for a classroom party and approved by the teacher of said class.
2. Lunch drinks should be confined to healthy—not sugar-laden—drinks that are individually packaged for a home-packed lunch brought to the school by the student to eat and drink only at lunchtime. (Clear Sparkling Water is permissible.)

3. The student shall not bring candy, snacks, or other food items to pass out to and share with their friends and classmates during class time, in the hallways, outside, or other places on campus. Food is not to be eaten other than in the cafeteria and at breakfast or lunch times unless it is an organized classroom party approved by the classroom/homeroom teacher or teachers. Any foods bought and consumed in class, throughout the buildings, in the hallways, or elsewhere on campus will be confiscated.
4. Parents, do not supply your students with snacks, soda, or other drinks and food to take with them on school field trips unless a letter of approval is received from the classroom or supervising teacher/teachers.
5. Food or drinks of any kind may not be consumed on the buses while riding to and from the student's home and the school.
6. Because we encourage the drinking of water, water may be consumed throughout the day in classrooms, buildings, hallways, and other locations on campus. However, these stipulations must be followed:
  - a. Water can/must be in a "store purchased" clear purified water bottle.
  - b. Water can be drunk from a see-through store-purchased bottle specifically designed to drink water from.
  - c. No empty soda cans, bottles, (colored or clear) will be allowed.
  - d. No flavored and colored drinks such as Kool-Aid, Gatorade, etc.

## **L. Alcohol, Tobacco and Narcotics**

Per Seventh-day Adventist church beliefs, I will not use tobacco products, alcohol, or narcotics in the school building, on school grounds, or during any outside school activities. If I am caught using tobacco products on the school premises or during any outside school activity, I will have my name and a brief written description of the incident given to the Milwaukee Police Department by the school principal for issuance of a citation. Other possible disciplinary actions may include expulsion from school.

All alcohol/drug-related incidents should be immediately reported to the principal who in turn will report the incident to the school board. The possession, attempt to possess, or use of alcoholic beverages and/or drugs or any narcotic substance on school property is prohibited. The same shall apply to all persons who sell the above products or their look-alike on school or school property. Anyone caught in possession of or consuming any form of alcoholic beverage, drug, or narcotic substance on school premises will be immediately dismissed or suspended and contact will be made with his/her parent/guardian or other proper authorities. Students should be aware that violations of this policy also constitute violations of Chapter 331 of the Wisconsin Statutes, which provides for fines of up to \$2,500. This law not only prohibits the use and/or consumption of alcoholic beverages on school premises, but also applies while at school activities, and law enforcement officials will be contacted to deal with these offenders. Students who appear at any school event having violated this policy will be excluded from that activity and referred to the local police. All references to alcohol shall include other intoxicants as well as drugs or controlled substances. **In short,**

**you may not only be suspended or expelled from school; you may go to jail.**

The school board has the right to implement a drug test if reasonable suspicion occurs.

### **M. Code of Conduct for Student Travel**

When traveling, whether, on a field trip or other outing sponsored by the school, your behavior should reflect not only your values but also those of the Milwaukee Seventh-day Adventist School and the Seventh-day Adventist Church. You are expected to adhere to the following standards of behavior. Students will:

1. Dress according to the standard established by the school.
2. Follow all directives without exception, from any supervising staff including advisors and chaperones.
3. Attend all functions--including meals, ceremonies, etc., associated with the activity of the entire group.
4. Travel at all times with the entire group.
5. Abstain from using all forms of drugs, tobacco, and alcohol.
6. Responsibly conduct themselves at all times.

Co-curricular travel is an extension of the school day. Rules governing student conduct in the school building will apply for the duration of the activity and are found in the Student Handbook and this contract.

## **II. Personal Appearance**

I have read the Dress Code policy and agree to abide by all the rules and regulations set therein.

## **III. Discipline**

### **A. Responsibility of the Parents**

The school is committed to the principle that parents have the primary responsibility for the dress, conduct, and discipline of their children (Ephesians 6:4; *Education*: pp. 246-249, 287-297; *Messages to Young People* pp. 313-315, 345-349), etc. Therefore, although the school will discipline students whose behavior warrants it, parents will be asked to come to the school for conferences should it be deemed necessary by the administration.

### **B. Detention/Suspension and Expulsion Policy**

Any student failing to abide by the reasonable rules and regulations of the school relating to conduct and

behavior may serve up to three-day detention or receive an out-of-school suspension by the disciplinary committee and/or the principal. The principal at his/her discretion may convene the disciplinary committee.

The parent/guardian shall be notified in writing immediately upon suspension, including reasons for the suspension.

Before a student is suspended the student must and will be notified of the following: The rule(s) violated, the evidence supporting the charge(s), and the length and conditions of the suspension. Students must and will also be allowed to present their understanding of the story. Parents of students on suspension should arrange to meet with the principal before the child returning to the normal program and schedule.

Students serving a detention/suspension, or expelled are not permitted to attend and/or participate in co-curricular activities during the period of detention or suspension including any day on which detention or suspension is served. A suspended student shall not be denied the opportunity to take any quarterly or semester examination(s) or to complete any course work missed during the suspension. Students may receive detention, suspension from one to three days, or expulsion as a consequence of the following:

1. Excessive violations of school rules.
2. Tobacco, alcohol, or drug-related offenses.
3. Swearing
- 4. Threatening a student or school employee.**
5. Pupil or staff harassment.
6. Fighting.
7. Possession of a weapon or its look-alike.
8. Possession of, selling, igniting, or any other activity associated with explosives, fireworks, or their look-alike.
9. Misuse of school equipment, i.e., computers, projectors, and/or cameras.
10. Vandalism or destruction of school property. (Students will be responsible for the financial cost/restitution).
- 11. Repeated failure to attend classes or assigned detentions.** Three tardies are considered one absence; fifteen unexcused absences in two consecutive quarters will jeopardize their continued enrollment and their grade/credit in the class. Medical and other obvious exceptions will be made. **Excessive excused absences (More than 5 days in any quarter) will result in the student being brought up for review by the Admission Committee.**
12. Other actions determined by the principal to be harmful to students or disruptive to the learning environment.
13. Stealing
- 14. Cheating**

## **C. DISCIPLINARY MEASURES**

### **1. TRANSPORTATION DISCIPLINE**

Removal from school transportation is the consequence of misbehavior on school vehicles. Termination of riding privileges may result in further offenses.

### **2. DETENTION**

Students will report to the office or be assigned a room with a complete set of assignments from all teachers

to serve detention time during recess/break time or after school. Students will remain in the office or assigned room throughout the assigned time. Failure to behave properly and cooperate with school staff during detention time may result in an out-of-school suspension and/or a parent conference.

### **3. OUT-OF-SCHOOL SUSPENSION**

During out-of-school suspensions, which can last three or more days, students are not to come to school or onto the school grounds, and shall not participate in or attend any school activities. When suspended students return to school they will be allowed to take any exams missed and do course work while under suspension. Work is to be brought or handed to the teacher(s) on the day they return to school.

### **4. PERMISSION TO SEARCH**

Teacher, principal, or staff member if reasonable suspicion occurs has the right to search: pockets, locker, coats, backpacks, desks, school supplies/kits, and car (if one school property). Parents may be called to do a strip search as school cannot.

### **5. POLICE/LAW ENFORCEMENT**

If the police come to the school to arrest or question a student the school will make every reasonable attempt to contact the parents. In the event a parent cannot be reached, the school board has given the school administration the authority to make the decision. In the event the parent(s) cannot be present, the principal will be present with the student and police.

### **6. EXPULSION**

This means you are locked out of the educational process.

Authority to expel a student is granted by the school board through the disciplinary committee which may expel a pupil from school whenever it finds him/her guilty of repeated refusal or neglect to obey the rules set forth by the school community. This also applies when the committee finds that he/she is engaged in conduct that would constitute a crime, if he/she were an adult engaged in actions that endanger the safety of others, and is satisfied that the interest of the school demands expulsion.

-----

### **SUICIDE POLICY**

Students will be required to undergo professional treatment should they attempt suicide or lead people to think they are considering harming themselves. These students may reapply when the licensed psychiatrist approves of their returning to school.

## **Computer Internet Acceptable Use Policy**

The schools of the Seventh-day Adventist education system are pleased to offer their students access to a computer network for electronic mail and the Internet. To gain access to e-mail and the Internet, the legal parent or guardian and student sign and return this form to the school.

The Internet is a powerful resource for expanding the educational experience of each student. Access to E-mail and the Internet will enable students to explore thousands of libraries, databases, and bulletin boards while exchanging messages with internet users throughout the world, only if used for educational purposes only. Unfortunately, some materials accessible via the Internet may indeed contain items that are illegal, defamatory, inaccurate or offensive. We believe, however, that the benefits to students in the form of information resources and opportunities for collaboration exceed any disadvantages and, therefore, support the school's choosing to make the Internet available to our students. The school provides for the safety of the students by restricting access to questionable sites and blocking certain keyword searches. But because ultimately, parents and guardians are responsible for setting and conveying the standards that their children should follow when using media and information sources, we respect each family's right to decide whether or not to apply for access.

**School computers are for educational purposes only.** Since the network is provided for students to conduct research and communicate with others, access is given to students who agree to act in a considerate and responsible manner. Parental permission is required. Access is a privilege – not a right. Access entails responsibility. School staff may review files and communications to maintain system integrity and ensure that users are using the system responsibly.

Students will adhere to Christian principles and will:

- Be responsible and courteous in all communications
- Be responsible with all computer hardware and software
- Keep their passwords to themselves
- Respect the confidentiality of folders, work, and files of others
- Learn about and observe copyright laws
- Comply with the Wisconsin Acceptable Use Policy
- Students will not attempt to access or alter unauthorized areas of a computer system
- Not reveal any images or information about the school, its students, or our staff without permission
- Students will use it only for educational purposes only
- Students will not look or participate in anything illegal, dangerous, offensive or opposed to the Adventist values of this school.
- If the student accidentally comes across something illegal, dangerous, or offensive, they will clear any offensive pictures or information from their screen and immediately, quietly, inform their teacher.
- Students will not use the Internet to annoy or offend anyone else.

If the school decides that a student has broken these rules, appropriate action will be taken. Any activity not in compliance with these rules may result in a loss of access as well as other disciplinary or legal action.

### **PARENT'S ROLE**

Parents can significantly improve the development of their children to the best of their ability by carefully

observing these helpful suggestions:

1. Assure regular and punctual attendance and that all absences are properly excused.
2. Insist that your child be clean and dressed in compliance with school uniform policy.
3. Ensure that your child receives daily 8-10 hours of sleep, a nutritious breakfast, and lunch, and minimizing sweets.
4. Guide your child from the earliest years to develop Biblical standards of behavior, exercise self-control, and accept responsibility for one's actions.
5. Teach your child, by word and example, respect for the Bible, for the law, for school authority, and the rights and property of others.
6. Know and understand the rules your child is expected to observe at school; be aware of the consequences for violations of these rules.
7. Instill in your child a desire to learn, the integrity to do honest work, and an interest in exploring broader fields of knowledge.
8. Express earnest support for the school, staff, curriculum, and activities. Attend parent-teacher conferences, Home & School meetings, and school functions.
9. Help child, by word and example, to develop discrimination in the use of leisure time. Encourage activities associated with television, music, reading, and friends to be **VERY SELECTIVE AND WELL CHOSEN**.
10. Help develop self-reliance by giving the child responsibilities suitable for his age and abilities.

## PARENT-TEACHER COMMUNICATIONS

Those who most directly influence the child's life and development (parents & teachers) must arrive at a harmonious partnership working for the child's best interests. Parent-teacher conferences are scheduled at the end of the first and third nine-week grading periods to promote understanding and cooperation.

Parents are always welcome to call the school for additional conference appointments with teachers whenever they feel the need to discuss their child's work. Visits to the school by parents are also welcomed. Prior arrangements should be made with the respective teacher. Teachers are most easily reached after school has been dismissed.

Parents and teachers need to keep the lines of communication open at all times. Parents will undoubtedly hear revelations from a student of things concerning the school. These will not always sound fair or right. The teacher will also hear things about the home that sounds amiss. All perspectives need to be considered before judgments are rendered.

The teacher's methods in the classroom may not always be the ones preferred, used, or effective at home. The methods in the home may be viewed similarly at school. Personal visits with the teacher will, in most cases, bring a better understanding of the differing viewpoints and approaches. Conferences should be scheduled after school hours.

**Complaints & Ethics:** Christian parents and students have a moral obligation to demonstrate respect, support, and courtesy to the administration, teachers, and staff at all times.

Parents and students should avoid gossip which tends to reduce the esteem, respect, confidence, or goodwill in which a teacher is held. No patron has the right to come to the school and verbally attack or harangue a teacher in front of students or otherwise. **CRITICISM OF A POSITIVE, CONSTRUCTIVE NATURE EXPRESSED IN A CHRISTIAN MANNER IS ALWAYS WELCOMED!**

**Complaint Procedure:** If a parent has a legitimate complaint or concern regarding school personnel or program, the following procedure based on **Matthew 18:15** is to be carefully observed:

Talk to the teacher **PRIVATELY** about the concern. In most cases, the problem should be solved on this level when prayer, candor, and patience are combined. This step may be repeated if necessary.

If there is a need for further discussion, ask the principal to join in a conference with the school personnel on the matter. This step may be repeated if necessary.

If level two does not resolve the issue, a written summary of the problem should be given to the principal and/or school board chairman by Thursday before the school board meeting. The Wisconsin Conference Superintendent of Education is to be present at School Board meetings in which school personnel is discussed.

If the principal is the school personnel in question, the chairman of the School Board shall facilitate the complaint procedure, if necessary.

## RETENTION OF STUDENTS

Criteria for retention in grades K5-8 is a failing average of the year's grades in three (3) or more core subjects (reading, mathematics, science, Bible, language arts, history). The student should be retained in the present grade unless the work is made up to the satisfaction of the homeroom teacher and the principal during the summer months. The Admission Committee will review all cases and accept or deny summer work, especially if it is not from an accredited, graded, transcript program. It is the responsibility of the parent to arrange for all makeup and/or remedial work. Before a decision is made to retain a student, a teacher must:

1. Notify parents as soon as retention becomes a possibility.
2. Consult with, and have the approval of the principal.
3. Counsel with parents to ensure complete understanding and approval.
4. Write a justification and submit it for approval to the Wisconsin Conference Superintendent of Education.

No student should be retained for more than two years during the elementary school years. It is usually recommended that students not be retained beyond the lower four grades.

In the case of a new student, a decision may be made during the first 45 days of attendance to place the student in a lower grade based on the student's academic performance. (see ADMISSION, Grade Placement.)

## **ADDITIONAL RULES & REGULATIONS**

This bulletin contains summaries of basic principles, guidelines, rules, and regulations of importance to parents and students. It is not intended to contain every policy of the school. It may be updated/changed periodically. Regulations or policies approved by the administration and/or School Board shall be considered part of the published bulletin.

### **Milwaukee Parental Choice Religious Opt-Out Policy**

Any student participating in the Milwaukee Parental Choice Program has the right to opt out of religious activities, including religious instruction. The parent must submit a written request to the principal before the start of each academic school year.

If the student opts out of a religious course, that student must take another academic course of the same equivalent credit.
